

# *Arihant Poly Containers*

AN ISO 9001 : 2015 Certified Company

Manufacturer of HM-HDPE Containers with Multipoint Parison Control System

A PLACE WHERE WE ARE  
SHAPING THE GLOBAL NEEDS...

## ABOUT US

"ARIHANT" appears to the market as one of the leading manufacturer of wide range HM-HDPE containers. We are committed for shaping the Global Needs of Packaging and have installed Ultramorden and Sophisticated factory under completely International Standardized manufacturing program i.e. Multipoint Parison Control System with the advance technology and latest machineries.

- We are manufacturing containers from only virgin HM-HDPE granules by Blow Moulding Process to ensure norms as per Indian Standards.
- We are providing UN Approved containers for export consignment.
- We have in-house Injection Moulding facilities for manufacturing all required accessories.
- We have stringent quality control and having in-house testing facilities i.e. Drop Test, Hydraulic Pressure Test, Pneumatic Test, Stack Load Test, Closure Leakage Test, Handle Strength Test, Thickness Test, Print Adhesion Test etc.
- We have our own Logistics facility to transport maximum quantity to minimize transportation cost as well as delivery time.
- We are having ISO 9001:2008 Certification also.

## VISION

Introduce in front of Global Market with the latest upgradation technology and to serve the quality products with first approach.

## MISSION

To create an organization with the help of innovative technology and committed people which could produced such high quality products which are always among there probable requirement for any customer and to provide customized product according to customer's expectation with our rich experience.

## UPGRADATION

Adopted Double Layer Technology in which the inner and the outer layers can be moulded in single cycle but, with different colour combination and it has independent thickness control for various application.

## QUALITY POLICY

To achieve customer delight by performing each task defect free, first time, every time and on time through team work and continual improvement in each and every process of the organizations.

## APPLICATION

- Acids, Alkalies & Petro Chemicals.
- Dies, Auxiliaries, Pigments & Ink.
- Pickles, Jams, squashes & food products.
- Pesticides & Agro Chemicals.
- Paints, Emulsions, Binders & Adhesives.
- Soaps & Ditergents.
- Petroleum Products: Lube Oil, Grease & Wax.
- Bulk drugs & Pharmaceuticals
- Rubber Chemicals, Synthetic & Natural Resins

## JERRY CANS

| CAPACITY | Height (mm) | Length (mm) | Width (mm) | Neck (mm) | Tare Weight (Kgs.) |
|----------|-------------|-------------|------------|-----------|--------------------|
| 5 Ltrs.  | 290         | 189         | 130        | 25        | 0.25 to 0.40       |
| 10 Ltrs. | 334         | 227         | 160        | 45        | 0.35 to 0.70       |
| 20 Ltrs. | 418         | 348         | 215        | 45        | 0.80 to 1.30       |
| 35 Ltrs. | 482         | 245         | 380        | 50        | 1.80 to 2.20       |

## RECTANGULAR CARBOYS

| CAPACITY | Height (mm) | Length (mm) | Width (mm) | Neck (mm) | Tare Weight (Kgs.) |
|----------|-------------|-------------|------------|-----------|--------------------|
| 20 Ltrs. | 415         | 255         | 280        | 45        | 1.50 to 2.00       |
| 30 Ltrs. | 422         | 285         | 325        | 45        | 1.50 to 2.00       |
| 35 Ltrs. | 482         | 285         | 325        | 45        | 1.50 to 2.00       |
| 50 Ltrs. | 563         | 325         | 455        | 45/50     | 2.40 to 3.00       |
| 60 Ltrs. | 585         | 340         | 400        | 50        | 2.40 to 3.00       |

## WIDE / NARROW MOUTH DRUMS

| CAPACITY      | Height (mm) | Dia (mm) | Neck (mm) | Tare Weight (Kgs.) |
|---------------|-------------|----------|-----------|--------------------|
| 40 Ltrs. (WM) | 506         | 335      | 150       | 2.00 to 2.20       |
| 50 Ltrs. (WM) | 580         | 390      | 150/200   | 2.80 to 3.20       |
| 50 Ltrs. (NM) | 580         | 390      | 25 & 50   | 2.80 to 3.20       |

## FULL OPEN TOP DRUMS

| CAPACITY | Height (mm) | Dia (mm) | Neck (mm) | Tare Weight (Kgs.) |
|----------|-------------|----------|-----------|--------------------|
| 25 Ltrs. | 410         | 345      | 270       | 1.50 to 1.90       |
| 30 Ltrs. | 525         | 355      | 270       | 1.80 to 2.00       |
| 35 Ltrs. | 560         | 355      | 270       | 1.80 to 2.20       |
| 40 Ltrs. | 565         | 370      | 270       | 2.00 to 2.20       |
| 50 Ltrs. | 580         | 385      | 340       | 2.50 to 3.00       |
| 60 Ltrs. | 630         | 385      | 340       | 2.60 to 3.00       |
| 70 Ltrs. | 658         | 415      | 340       | 2.80 to 3.20       |
| 80 Ltrs. | 717         | 430      | 340       | 3.00 to 3.30       |

## HANDLES

## M.S. & PLASTIC CLAMPS

## FEATURES

- The 'MOOG TMC' with built in 128 Point Parison Programmer on the Control Panel controls the various functions of the machines.
- Parison wall thickness will be controlled by a closed loop proportional servo hydraulic system.
- Vision friendly shapes with Simplified opening and closing caps.
- Designed to get drained 100 % contents.
- Geometrically critical designed of packs for cost savings.
- Handles re-engineered designed to fold in for face to face storage.
- More printing faces for marking.
- Excellent service life - high resale value.
- Open Top drums designed to universal standards.
- Excellent Drop impact and stacking strength.
- Containers sizes correct to optimum space utilization of exporting.
- Conforms to IS: 6312 and approved by IIP, Mumbai.
- Easy to handle & fully stackable.

R.S.No. 70/2,3 & 4, Block No.54, Nandesari Crossing, N.H.No.48,  
Fajalpur, Dist. Vadodara-391340, (Gujarat)
